

St. Patrick Preschool Philosophy

Our goal at Saint Patrick Preschool is to provide a creative, relaxed, and enriched atmosphere where young children can work, play, and discover. We strive to develop in the young child the ability to know him/her self, and thereby provide the groundwork for each child to develop a positive self-image and become a happy, well-adjusted individual. Through a supportive, loving, and Christian environment, we hope to nurture an enthusiasm for learning and a love of God in each child.

Through preschool, we give opportunities for children to:

- * build friendships
- * learn respect and cooperation
- * develop self-discipline
- * experiment with a variety of learning materials and practices
- * broaden his/her exposures and experiences
- * develop a love of learning
- * nurture a love of God and His creations
